Ask a friend to give you words to fill-in the blanks. For example, you would ask for a noun or a verb or an adjective if that's what you need. Write the words in the blanks. Do not read the letter out loud until all the blanks have been filled in.

A **noun** is a person, place, or thing. Examples are: clam, seaweed, and bucket.

A **verb** is an action word. Examples are: eat, wrestle, and honk. An "-ing verb" is a word like eating, wrestling, and honking. A past-tense verb is a word like ate, wrestled, and honked.

An **adjective** is a word that describes a person or a thing. Examples are: pretty, amazing, and horrible.

An **adverb** is a word that describes how something is done, and usually ends with "ly," like quickly, shyly, and seriously.
